The Premium Stretch Fiber for
the Modern Wardrobe

STSC CLUB PRICE LIST +
EXPRESSION OF INTEREST ORDER PROCESS

CircStretch

Knit Textile Range NATURAL FIBRES BLENDED
WITH **ROICA™** **V550**

ROICA™ V550 is the world's first Cradle To Cradle® Gold Standard Certified stretch yarn with the Gold Level Material Health Certificate by the Cradle-to-Cradle Product Innovation Institute which evaluated the yarn's impact on human and environmental health.

STSC is working with ground-breaking textile innovators, manufacturers and mills as we develop and wholesale to their 1000kg minimums. To support designers businesses of all sizes we also offer low 100+kg MOQs via *STSC CLUB's* Expression of Interest.

DYES, THREAD + TRIMS

To ensure that garments made with CircStretch are completely safe and reach the highest non-toxic benchmarks in the industry we have set our own circular standards for dyes, thread and trims.

This will ensure all garments are capable of being safely home composted plus reach the ISO/ASO standards for commercial composting. We are currently seeking support to test the capability to commercially compost end of cycle garments in specialised accelerated techniques within 6 months.

To do this we only dye our textiles with Cradle to Cradle Certified® or BlueSign® certified dyes. We can also manage testing and bulk dyeing for pure plant based dyes in India.

Digital printing dyes are AZO Free and will be compost tested.

THREAD, ELASTIC AND TRIMS.

We strongly suggest customers to use TENCEL™ lyocell sewing thread, elastic (eg our organic cotton and natural rubber) plus trims; buttons, rPET or eco zippers and embellishments are considered through circular design principles to be easily removed eg by our Circular Textile Waste Service teams plus re-enter a circular stream.

The independent
industry
textile

STRETCH TEXTILES MADE WITH NATURAL
FIBRES BLENDED WITH CRADLE TO CRADLE
CERTIFIED® ROICA™ V550
NON-TOXIC + HOME COMPOSTABLE

The Premium Stretch Fiber for
the Modern Wardrobe

CircStretch

A premium sustainable stretch yarn that, once discarded, smartly breaks down without releasing harmful substances into the environment according to the Hohenstein Environment Compatibility Certification showing it to be 100% non-toxic as it breaks down.

STSC's *CircStretch* collection blends natural fibres and between 2% to 30% ROICA™ V550. By using compostable natural fibres, Cradle To Cradle® and Bluesign® dyes plus the bio-stretch, this ensures zero harmful microplastics are left in the environment and our *CircStretch* can be home composted.*

CERTIFICATION

Chemical and Certification Information is issued with the Marketing Kit once the job order has commenced..

SEE THE COLLECTION BELOW + CLIENTS WILL RECEIVE FURTHER INFORMATION ON DECOMPOSITION AND THE FULL PRESENTATION OF OUR *CIRCSTRETCH* COLLECTION TO USE FOR YOUR OWN PR AND MARKETING ONCE PRODUCTION HAS COMMENCED.

COMMERCIAL COMPOST TRIALS. * *Home composting trials will be carried out in 2022.*

We are unable to offer smart thread or a Take-Back system with our Circular Textile Waste Service via STSC Club, we hope to in the future as we expand the Service.

FIRST STEP.

Read, sign & share the

[UN Climate Action Charter](#)

to help acknowledge & guide you & your customers through this process with intention.

STSC CLUB PRICE LISTS + EOI ORDER PROCESS

1. Clients purchasing bulk 1000+kg should email us to receive a separate price list, NDA and the full CircStretch presentation. We will commence the sale of CircStretch “blank tees” for bulk buyers of 1000 kg or more, shortly.
2. This document is for 100+ kg ORDERS via the STSC CLUB only. Click through to see [Order Process & details on EOI](#) and Join the [STSC CLUB](#) for the opportunity to join a bulk order and nominate 100+kg order via an *Expression of Interest*.
3. Mini orders - join the [Facebook Group](#) to create mini-groups for smaller orders where we work with one designated person from their own group who cuts and re-distributes between your own group.

Note: Prices for our CircStretch collection are USD and listed from March 2022. Due to market changes along the supply chain these prices are indications only and may change. Pricing on some blends are TBC.

TIMELINES. We cannot give a timeframe for orders below 1000 kg. It is our goal to promote this opportunity & distribute this unique eco-textile as quickly as possible so all designers can stop using unsafe textiles and purchase at low MOQs. Its an enormous task to coordinate therefore we appreciate your patience & you wait to be contacted during the updates.

Shipping cost, duties and taxes for sampling and bulk are not included.

STSC CLUB - 100+kg MOQ ORDER PROCESS

1. Step one, join the [STSC CLUB](#) and we will send you the Introduction plus Price lists for orders of 100+kg
Or join the [Facebook Group](#) and create mini-clubs to share smaller orders amongst yourselves.
2. View the [Available textiles online](#) - this is where you nominate which textile/s you would like to place your EOI and state how many kgs you wish to order. Must enter quantity 100 or above.

You will first receive an automated response to your EOI. Once we reach the mills 1000kg MOQ we will send you an email to announce the order can commence plus **a link for you to purchase Swatch/s of the textile/s you are interested in.**

We are unable to determine the amount of time this will take. Swatches are ordered only once the MOQ is met.

3. **Once you receive the swatch and choose to proceed we request you send a formal Purchase Order to confirm your interest.** If we don't hear from you we will call to ensure you don't miss out.
4. Next step - we issue an **Invoice for 50% deposit of textiles plus the Made to Order Fee.**
5. **Sampling.** Once paid the Mill will create 1 sample roll. 1 sample roll = approx 50-80 metres depending on the gsm. Approximately 4-8 metres is then sent to you for approval (metres depending on gsm and how many in the order).
6. Following your approval, the order will advance to **full production and we issue an invoice for the remaining 50%.**
If you decided to not proceed then you will receive a refund minus USD\$200 for admin fees plus per metre cost of textiles (or you can return).
7. Prior to receiving your bulk order we send our Marketing Pack that includes Certifications, logo information and if Tencel or EcoVero then we introduce you to Lenzing's marketing department who support you and send you official swing tags.
8. Once **Final invoice + freight charges** is paid the textiles are shipped direct to your nominated address from China or India. Check your import duties & taxes.

ADDITIONAL COSTS.

MADE TO ORDER COST.

STSC charge a USD\$600 -1000 Made to Order Fee, inclusive of development, production, administration fee and the sampling fabric. Final fee is determined by the number in the group order.

Bulk fabric will be invoiced as a separate item or invoice.

SMART THREAD AVAILABILITY + COST.

At present the **Smart Thread and CTWS is only available to bulk clients and not via the STSC CLUB.**

We are working on how to offer these services to STSC club members in the future.

CIRCULAR TEXTILE WASTE SERVICE - [Book a Consultation](#)

COMMERCIAL COMPOSTING. Accelerated commercial composting - the Circular Centre is working with Associate Professor Oliver Knox of University of New England to conduct an accelerated commercial compost trial to breakdown garments that meet ISO/ASO standards. We currently seek AUD\$17,000 to conduct the 6 months testing.

MINIMUM MOQS for STSC MEMBERS. 100 kg. Metres per kg differs depending on the fabric weight.

FREIGHT & TAXES. Add on freight (air or sea) direct to your manufacturer and any taxes. Clients are responsible for all freight cost and import duties and taxes for sampling and bulk orders. Costs may be adjusted for increased volumes or additional colours.

CIRCULAR DESIGN CONSULTATION.

HELPING BUSINESSES TO IMPLEMENT A HOLISTIC CIRCULAR ECONOMY SYSTEM

Clients can book a one-on-one consulting session to help you create a foundation and strategic pathway to implement circular design systems for businesses who use textiles to manufacture fashion, uniforms, accessories and products, whether you are at concept stage or intending to pivot existing manufacturing and end-of-life systems.

SESSIONS

Consults are either in person or online, with an individual or your entire team. Session One is 2 hours. [See details](#) and Book in for a Session after filling in the Q&A. We highly recommend a second session of 1-2 hours for questions and follow ups. Cost for *Session One* is AUD\$250 +GST. [Send a Request](#) to receive the Q&A and Invoice.

SESSIONS ARE CONDUCTED BY

[Alison Jose](#), Director of STSC and the Circular Centre and/or

[Ginia Chu](#), Textile Development and Production Specialist of STSC.

Once we learn more about your goals from your Q&A form we will arrange a meeting for you with one or both of our consultants.

**Only by using a fully compostable
stretch textile will we be able to
“do good, and not just less bad”**

Alison Jose, Director
