CircStretch

Knit Textile Range

NATURAL FIBRES BLENDED WITH **ROICA™ V550**

STSC CLUB PRICE LIST +
EXPRESSION OF INTEREST ORDER PROCESS

The Premium Stretch Fiber for
the Modern Wardrobe

FIRST STEP.

Read, sign & share the [UN Climate Action Charter](#) to help acknowledge & guide you & your customers through this process with intention.

STSC CLUB EOI ORDER PROCESS

- Clients purchasing bulk 1000+kg should email us to receive a separate price list, NDA and the full CircStretch presentation.
- This document is for 100+ kg ORDERS via the STSC CLUB only. Click through to see [Order Process & details on EOI](#) and join the [STSC CLUB](#) for the opportunity to join a bulk order and nominate 100+kg order via an *Expression of Interest*.
- Mini orders - join the [Facebook Group](#) to create mini-groups for smaller orders where we work with one designated person from their own group who cuts and re-distributes between your own group.

Note: Prices for our CircStretch collection are USD\$ and listed from March 2022. Due to market changes along the supply chain these prices are indications only and may change. Pricing on some blends are TBC.

TIMELINES. We cannot give a timeframe for orders below 1000 kg. It is our goal to promote this opportunity & distribute this unique eco-textile as quickly as possible so all designers can stop using unsafe textiles and purchase at low MOQs. Its an enormous task to coordinate therefore we appreciate your patience & you wait to be contacted during the updates.

STSC CLUB order 100+kg MOQ ORDER PROCESS

1 Step one, join the [STSC CLUB](#) and we will send you the Introduction plus Price lists for orders of 100+kg

Or join the [Facebook Group](#) and create mini-clubs to share smaller orders amongst yourselves.

2. View the [Available textiles online](#) -

NOMINATE AN EOI.

A. Choose the textile/s you wish to nominate

B. state how many kgs you wish to order. Must enter quantity 100 or above.

After you nominate you will first receive an automated response. Once we reach the 1000kg MOQ **we will send you an email to announce the order is ready to commence.**

We are unable to determine the amount of time this will take.

3. We will send you a link for you to purchase Swatch/s of the textile/s you are interested in.

The link to purchase swatches are ordered only once the MOQ is met.

Cost of Swatch is \$50 which is refundable if you return (they are rare)

NOTE up until this point you have not paid any money for any textiles sight unseen.

4. Once you receive the swatch and THEN choose to proceed we request you send a formal Purchase Order via email to confirm your preliminary order. If we don't hear from you we will contact you again in case you missed the email.

5. Next step - we issue an Invoice to pay a. 50% deposit of textiles + b. the Made to Order Fee.

The made to order fee is shared amongst all participants.

STSC CLUB - 100+kg MOQ ORDER PROCESS

6. SAMPLING STAGE. Once paid the Mill will proceed with ordering the bulk 1000kg. The first stage for a bulk order is to produce 1 sample roll.

1 sample roll = approx 50-80 metres depending on the gsm.

Approximately 4-8 metres is then sent to you for approval (metres depending on gsm and how many in the order). **This step may take 4-6 weeks and we will invoice the freight cost direct to you.**

7. Next Step final approval- within 48 hours you need to tell us if you want to proceed. If you do not then you are required to return the Sampling uncut within the next 24hrs at your expense. If you decided to not proceed then you will receive a full refund minus USD\$200 for admin fees.

If you approve the order we then we issue an invoice **for your remaining 50% and proceed with bulk production.**

8. Prior to receiving your bulk order we send our Marketing Pack that includes Certifications, logo information and if Tencel or EcoVero then we introduce you to Lenzing's marketing department who support you and send you official swing tags.

1. Once **Final invoice + freight charges** is paid the textiles are shipped direct to your nominated address from China or India. Check your import duties & taxes.

9. Once **Final invoice + freight charges** is paid the textiles are shipped direct to your nominated address from China or India. Check your import duties & taxes.

CIRCULAR DESIGN CONSULTATION.

HELPING BUSINESSES TO IMPLEMENT A HOLISTIC CIRCULAR ECONOMY SYSTEM

Clients can book a one-on-one consulting session to help you create a foundation and strategic pathway to implement circular design systems for businesses who use textiles to manufacture fashion, uniforms, accessories and products, whether you are at concept stage or intending to pivot existing manufacturing and end-of-life systems.

SESSIONS

Consults are either in person or online, with an individual or your entire team. Session One is 2 hours. [See details](#) and Book in for a Session after filling in the Q&A. We highly recommend a second session of 1-2 hours for questions and follow ups.

Cost for *Session One* is AUD\$250 +GST. [Send a Request](#) to receive the Q&A and Invoice.

SESSIONS ARE CONDUCTED BY

[Alison Jose](#), Director of STSC and the Circular Centre and/or

[Ginia Chu](#), Textile Development and Production Specialist of STSC.

Once we learn more about your goals from your Q&A form we will arrange a meeting for you with one or both of our consultants.

CircStretch

A premium sustainable stretch yarn that, once discarded, smartly breaks down without releasing harmful substances into the environment according to the Hohenstein Environment Compatibility Certification showing it to be 100% non-toxic as it breaks down.

This document includes details on the textiles available in bulk. We are able to develop bespoke textile blends for clients ordering 1000+kg. This document also outlines prices plus information on the Order Process for bulk textiles and information to come on a new production of Blanks.

Weaves: Single jersey, pique, rib, interlock.

Blends. Lenzing's CarbonNeutral® TENCEL™ Modal lyocell and ECOVERO™ viscose. GOTS organic cotton or GRS certified recycled cotton.

THE	COLLECTION	+	PRICING
	<ul style="list-style-type: none">• For more information on CircStretch please refer to the Introduction document.• <i>Chemical and Certification</i> Information along with more in depth information regarding our services is issued in our Marketing Pack which we send once we commence a job order and after signing an NDA along with links to our wholesale connections for trims (TENCEL™ lyocell sewing thread and eco-garment elastic).• Once we advance to the development stage we will send a full presentation including information on Smart thread and composting.• Its not compulsory for bulk clients to use smart thread and we would need to investigate each location's ability to commercially compost according to our specifications.• At present the Smart Thread, Circular Textile Waste Service to valorise and commercial composting (if capable) is only available to clients purchasing bulk and not via the STSC CLUB, we are working hard to try to offer this to all.		

FAQs and COSTS IN ADDITION TO TEXTILES.

MADE TO ORDER FEE.

- STSC and the mills charge a Made to Order Fee. **Depending on the order its USD\$600 - US\$1000**, inclusive of development, production management, administration fees plus your sampling textiles. Between 50-80 metres depending on gsm which is shared to the group according to the number in group.
- Final fee is determined by the number in the group order.
- Bulk fabric is invoiced separately - see Order Process
- Bespoke development orders of 1000kg minimums is quoted separately & calculated on the client's specifications.

SMART THREAD AVAILABILITY + COST.

At present the **Smart Thread and CTWS is only available to bulk clients and not via the STSC CLUB.**

We are working on how to offer these services to STSC club members in the future.

CIRCULAR TEXTILE WASTE SERVICE - [Book a Consultation](#)

MINIMUM MOQs for STSC MEMBERS. 100 kg. Metres per kg differs depending on the fabric weight.

FREIGHT & TAXES. Add on freight (air or sea) direct to your manufacturer and any taxes. Clients are responsible for all freight cost and import duties and taxes for sampling and bulk orders. Costs may be adjusted for increased volumes or additional colours.

DYES, THREAD + TRIMS

To ensure that garments made with CircStretch are completely safe and reach the highest non-toxic benchmarks in the industry we have set our own circular standards for dyes, thread and trims.

This will ensure all garments are capable of being safely home composted plus reach the ISO/ASO standards for commercial composting. We are currently seeking support to test the capability to commercially compost end of cycle garments in specialised accelerated techniques within 6 months.

To do this we only dye our textiles with [Cradle to Cradle Certified®](#) or [BlueSign®](#) certified dyes. We can also manage testing and bulk dyeing for pure plant based dyes in India. Digital printing dyes are AZO Free and will be compost tested.

THREAD, ELASTIC AND TRIMS.

We strongly suggest customers to use TENCEL™ lyocell sewing thread, elastic (eg our organic cotton and natural rubber) plus trims; buttons, rPET or eco zippers and embellishments are considered through circular design principles to be easily removed eg by our Circular Textile Waste Service teams plus re-enter a circular stream. *We share our wholesale connections to accompany CircStretch orders.*

Final amount of Metres is estimated and based on the weight and blend. A closer estimation is given when we get to sample roll stage. Shipping cost, duties and taxes for sampling and bulk are not included.

Only by using a fully compostable non-toxic stretch textile will we be able to “do good, and not just less bad”.

The alternative is to continue to put toxic plastic pollution into the environment.
